Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

Feedback collection is an integral part of the institutions effort to provide quality education. It is collected from different stakeholders of our educational system such as students, parents, teachers and alumnae, on the design of the curriculum, its relevance in employability and the delivery

mechanisms adapted by the faculty and the facilities provided by the management for effective teaching learning activity such as infrastructure and learning resources etc. For obtaining formal feedbacks, separate questionnaire is prepared and distributed to all stakeholders. The feedback taken is analyzed by IQAC to know areas of improvement. Feedback is collected at the end of the academic year from the outgoing final year students of different departments. The student feedback questionnaire covers various questions related to teaching learning, facilities, campus environment, cleanliness extra curricular activities etc. Suggestions boxes are also placed at different blocks at different floors so that students can freely write any suggestions or feedbacks. The boxes are opened by the committee members and brought to the notice of Principal and Vice-principal for necessary action. Feedback are also received at parent - Principal meeting and parent-teacher meeting, which helps to improve relationship between parents and institute and ensures more involvement of parents in academic-life of their children which improve students performance. The alumnae of the college who have moved on to industry, government job, abroad, or employed in other private sectors or pursued higher studies after completion, give feedback on how their parental-institute help them to perform well in their jobs. Analysis of Feedback: In general the feedback collected is analyzed by Committee appointed by the IQAC and report is presented to the head of the Institution. The result of analysis is presented graphically for easy interpretation. Overall observation especially areas of improvement is discussed in the faculty/department/college council meeting for improvement in the next academic year. The feedback of the teacher is collected and submitted to the principal or vice-principal directly for review and necessary action. Measures for improvement: Based on the feedback corrective measures are taken by the management to improve overall qualities and better performance by staff and students. Management ensures professional improvement of the employees by arranging training programmes for faculty and staff time to time in various fields. By means of the feedback mechanism the staffs is made aware of the areas of improvements in general and in person and instructed her/him by the Principal to work towards betterment. Relevant strategies such as curriculum modification, introduction of certificate courses conducting cocurricular activities, practical skills field study are organized for better learning.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

As the college focuses on student centric teaching-learning and overall well being of the person, mentoring is an integral part of the institutions functioning. From subject teacher to the Principal every staff is responsible to quide and support the students, yet college has a well planned mentoring system where in every teacher is assigned a specific number of students for special care and guidance. This year every teacher is assigned 26 students for mentoring. The mentor made Whatsapp groups and collected emails and other details and conducted meetings. The mentor looks after the academic and psychological well being of the mentee. In this system our full time faculty is engaged as mentors. At the beginning of the academic session the group wise names of the mentors are displayed on the college notice board/website. Academic support is provided by the mentor by encouraging mentee for the maximum use of both central and departmental libraries, and helping to get other study materials. Remedial coaching classes and tutorial classes are also arranged for the weaker students. Some of the advanced learners are assigned to help the slow learners. They are also entrusted with the task of monitoring the attendance and the academic progress of students. In the beginning of the academic session all the mentors conduct the orientation programs for the mentees. Whereby they are acquainted with the institution its goals, mission, the facilities available and the rules and regulations of the college and the affiliating university. Through the mentor system we try to inculcate a mechanism to promote inclusiveness gender sensitivity and social responsibility of students in their life. As they complete their education, they develop a humanitarian vision in their life. The mentor keeps a track on her academic performances and her progress in over-all activities. Value education classes are conducted every week for the overall development of the students and to make them value based, responsible and committed citizens. At the time of admission, along with admission committee, a subcommittee is formed to counsel students and choose subjects according to their aptitude and abilities. They are also given guidance with regard to the career opportunities and possibility of higher studies. Apart from this, department of M.S.W. and Psychology takes care of the counselling of students whenever necessary.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Continuous Internal evaluation is an important step taken by the institution at U.G. level and by the university at P.G. level to ensure effective learning environment and promote overall development of students. Internal assessment for each course is continuous and is done by conducting Unit tests / Periodic tests / Surprise tests / Assignment / giving seminar / Oral tests / Preparation of charts / Models / Quizzes / Home work / Group discussion / projects / Field visit / writing group observation from visit. Dates for each written tests are notified well in advance. The head of departments from all departments of UG PG conducts meeting to allot dates for unit tests. The unit tests for internal assessment commence as per the academic calendar after completing one unit of the curriculum. Answer sheets of unit test / class tests are returned to the students after marking / valuating and points for improvements are discussed in the class. The CIA helps the students to improve their performance in the terminal exam conducted at the end of the academic year by the university. The dates for the internal assessment of each course are decided by conducting meeting of the head of departments and are marked in the academic calendar of the college. In case of absence of students in any internal tests for valid reasons, chances are given to appear in the test separately. After completion of the curriculum, model exams are conducted especially for the students of first years. Informally the students are assessed based on their overall involvement and participation in activities conducted through various cells / associations of the college and Inter college competitions and their participation in state and national level events. For all the P.G. semester students the internal assessment is also done through seminar presentation, writing assignments along with regular test and for each of these marks are awarded according to their performance. Tests are also conducted online using Google forms.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

College academic calendar is prepared in accordance with the university calendar by the calendar preparation committee before the commencement of the academic session and distributed to the departments. The Department Prepares the Departmental activity calendar and the same is also informed to the students. Before preparing the academic calendar the Principal calls meeting of the HOD's and in charges of cells / associations along with the vice Principal.

The academic calendar contains the yearly schedule of the college activities, date and schedule of the various program related to curricular, co-curricular and extra-curricular activity of the college. The calendar specifies the dates on which a faculty / department is expected to conduct internal assessment / tests etc. A separate schedule is prepared for conducting internal assessments through tests, seminars, and assignments in the meeting of the Head of the Departments. The tentative dates of activities of NSS, NCC, Red Cross, other cells and associations are also given in the academic calendar. Schedule of other activities such as parent - teacher meeting, college, social and other cultural program, college sports day and college day etc. are also provided in the academic calendar. Proposed dates of practical exams and model exams are also mentioned in the calendar along with probable date of beginning of year end exam / University exam.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

1. Plantation program in campus and Rain water harvesting system. • Green campus: Plantation of trees on the large scale inside the college campus time to time. • Swachhata programs conducted by NSS and NCC time to time. • Maintenance of garden including Nutrition garden, Botanical garden, medicinal plant garden, flower garden and carpet grass garden. • Ground water recharge system: Rain water harvesting system built in the campus to recharge underground water level.

2. Bio Gas plant and solar heater.

- 3. Plastic and polythene prohibited zone. College Management banned use of polythene items used for regular purpose. The institution has stopped the use of plastic bags in the campus and declare as plastic free zone. Canteen has stopped using disposable plates. During College hours, vehicular noise pollution is minimised. Waste is segregated into dry and wet waste and collected in separate dustbins and delivered to Nagar Nigam Surguja waste collection.
 - 4. Composting of litter in the campus and Promotion of organic farming. Consistent use of compost pit (Zero waste campus) Environmental awareness program conducted by different Cell associations of the college. "Vermi Compost" is prepared inside the college campus and use it as organic fertilizers. Recycling/disposal.
 - 5. Conducted awareness program through Skit, Essay writing and other competition.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. Title: Polythene free campus Objective: The objective is to maintain an ecofriendly campus and protect environment from the harmful effect of polythene. The Context: The use of polythene carry bags and other disposable items is on the rise by staff and students. They are difficult to degrade by natural process or to recycle. As a result they are piled up on the grounds/ dumping sites or eliminated by burning which releases toxic chemicals affecting the health of humans, animals and plants. Therefore to promote environment consciousness among students and staff and to contribute to environment

protection for sustainable development is the need of the time. Practices: • Project work given to students on "Plastic a global threat" • Essay writing competition on "Plastic waste free India" • To promote the "use of waste materials and reduce generation of waste" • competition was organized on" Carry bag making from waste materials" • Students and staff were discouraged to bring plastic water bottles or bags. • Plastic free campus campaign was organized frequently by collecting plastic wastes from campus and polythene carry bags from the hostel. • Clean Ambikapur/Plastic free Ambikapur campaign. • Ban on use of items made of plastic materials by staff and students of college. • Workshop on Kulhad making (earthen cups) for staff and students. • Workshop on "waste to wealth" making fence and decoration pieces from plastic packets. 2. Title: Value education Objective: • To form students as persons with values who are able to live happily and contribute to nation building. • To form students with humanitarian vision where values like - Respect, Tolerance, Non-violence, Social consciousness, Responsible citizenship, Honesty, Compassion, etc. practiced. Context: Increasing degradation in values, Growing selfishness and lack of responsibility towards family and society is seen. Practice: One period / week is incorporated in the time table for all classes. Faculty including the Principal take class as per the time table. Some of faculty are assigned to take attendance so that their presence is made sure in the class. Evidence of Success: • Students become aware of the importance of values in life. • Many Students are motivated to do good work. • Increased religious / Cultural tolerance. • Development of self confidence and self worth in students are seen. Problems Face: Lack of interest in majority of Students for value education classes. Many are attending out of compulsion and not on their own will.

7.3 - Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Distinctive quality of college: Women's Empowerment- Women play a central role in the stability, progress and development of any nation. Rural women especially play a key role in supporting their households and communities in achieving food and nutrition, income generation and improving rural livelihoods and overall well-being of their family and society. Therefore women empowerment is a must to bring about changes in any society. Knowledge is the most powerful engine to empower women. If women are educated they become the agent of change in the families and in the society. Holy cross women's college Ambikapur managed by Pavitra Cruz Sisters Association of Holy Cross Sisters, since its origin, has been active in the field of education. This is part of its effort to share in the country's educational undertaking. Holy Cross Women's College the first college for women in the region/District aims at the integral and personalized education of women and adopts a holistic approach to educate and empower women of the rural and tribal area of different districts of Chhattisgarh, where practices such as gender inequality, early marriage, domestic violence, persecution for dowry, rape, honour killing, female foeticide, human trafficking, whichcraft etc. still continue to exist. Women education is still perceived as unnecessary. When the financial issues rise in the family, it is the daughters who would be pulled out of schools or stopped from pursuing higher education. If the daughter wants to go for higher education, it becomes a matter of discussion in the families and among the relatives. In such a background Holy Cross Women's College, Ambikapur strives to produce intellectually well trained, morally upright, socially committed,

spiritually inspired women for the India of today, and through value based education. In our institutions, we empower and encourage them to strive after excellence in every field, to be selfless in service of their fellow human being and to become agents of social change. We achieve this goal by providing opportunities for their holistic development through various activities, competitions, cultural programmes, field study, internships, lectures, seminars, awareness programmes on women rights, leadership opportunities, social activities, sports, promoting NCC / NSS units etc. in the college. Almost all our alumnae get job opportunities in different government and non government sectors, many of them are holding top positions in education sectors and other offices, Industry, even foreign countries earning income for the family to raise the quality and standard of living. While many others are serving as enlightened women in the family and society and contribute to the growth and development.
